

Avant's Placement Tests provide schools with the data to place students appropriately into various levels of language instruction. Whether it's the beginning of the school year or a mid-year addition to your program, the Placement Test scores allow you to group and place students at consistent levels. The Placement Test can be taken anywhere, anytime so your students can demonstrate their competency at their convenience and you can have placement data before students are in class.

Avant's Placement Tests:

- Engage students in real world scenarios, encouraging them to show what they can do
- Test multiple skills: reading comprehension, contextualized grammar, writing, speaking
- Are available in seven languages
 - French, German, Spanish, Japanese (all four skills)
 - Italian & simplified Chinese (Reading, Writing, Speaking)
 - Arabic (Writing/Speaking)

Avant's Placement Tests:

- Report student scores individually and in groups for recommended placement
- Provide educators with access to student production samples (writing, speaking)
- Include individual student reports for your institution to give to each student
- Allow scores to be exported to Excel for flexible analysis and insights

Avant's Placement Test is:

- Web-based for middle school and above
- Available anywhere, anytime with no proctoring required
- Externally scored with teacher access to student production samples
